

## FOOD SAFETY POLICY

We are committed to developing textural solutions based on carrageenan, alginates, fibers and other products obtained from sustainable natural sources:

- Ensuring the health of final consumers, as well as the interests of our clients.
- Ensuring compliance with the safety requirements of our products, including legal and regulatory requirements, as well as the requirements mutually agreed upon with customers, related to food safety.
- Maintaining interactive communication with our staff, suppliers, distributors and customers to promote continuous improvement.
- Continuously improving the performance of the company's Integrated Management System.
- Ensuring that our personnel have the necessary skills related to food safety.

This policy provides the reference framework for establishing the objectives and is periodically reviewed for its continuous suitability.
